

CS 2413: Data Structures

Fall 2026 · Section 001 · Department of Computer Science, Sample State University

This is a fictional syllabus made for the StudySync demo. The course, instructor and university are invented.

Course Information

Instructor	Dr. Jordan Rivera
Email	jordan.rivera@example.edu
Class meetings	Monday, Wednesday, Friday, 10:00 AM to 10:50 AM, Engineering Center Room 104
Office hours	Tuesday and Thursday, 2:00 PM to 3:30 PM
Term dates	August 24, 2026 to December 11, 2026 (final exam week December 7 to 11)

Course Description

Abstract data types and their implementations: lists, stacks, queues, hash tables, trees, heaps and graphs. Algorithm analysis with Big-O notation, recursion, sorting and searching. Programming projects are in C++.

Grading

Component	Weight
Programming assignments (6)	30%
Weekly quizzes	10%
Midterm exam	20%
Final exam	25%
Team project	15%

Letter grades: A 90 and above, B 80 to 89, C 70 to 79, D 60 to 69, F below 60.

Schedule

Date	Topic or deadline
Mon, Aug 24	Course introduction, C++ review
Wed, Sep 2	Algorithm analysis and Big-O
Fri, Sep 4	Quiz 1: Big-O
Mon, Sep 7	Labor Day, no class
Fri, Sep 11	Assignment 1 due: dynamic arrays
Wed, Sep 16	Linked lists
Fri, Sep 25	Assignment 2 due: linked list library
Wed, Sep 30	Stacks and queues
Fri, Oct 2	Quiz 2: lists, stacks and queues
Fri, Oct 9	Assignment 3 due: expression evaluator using stacks
Wed, Oct 14	Midterm review

Fri, Oct 16	Midterm exam (in class, covers weeks 1 to 7)
Wed, Oct 21	Binary search trees; team project proposal due
Fri, Oct 30	Assignment 4 due: BST with iterators
Wed, Nov 4	Heaps and priority queues
Fri, Nov 6	Quiz 3: trees and heaps
Fri, Nov 13	Assignment 5 due: hash table with chaining
Wed, Nov 18	Graphs: BFS, DFS, shortest paths
Nov 25 to 27	Thanksgiving break, no class
Fri, Dec 4	Assignment 6 due: graph algorithms; team project presentations
Wed, Dec 9	Final exam, 10:30 AM to 1:00 PM (cumulative)

Policies

- Late assignments lose 10% per day, up to three days.
- Quizzes are given at the start of class and cannot be made up without documentation.
- Collaboration on concepts is fine; all submitted code must be your own.
